Health and Safety Support Service

For Schools

2024

About edSAFETY

Welcome to edSAFETY, where we're all about transforming the way health and safety is handled! Our dynamic and innovative solution breaks away from the usual static practices. With edSAFETY, schools can take a proactive approach to address risks, tap into real-time data, and nurture a culture of continuous improvement.

Step into the future of health and safety management with edSAFETY, and let's create a safer, more productive environment for your incredible staff and pupils! At edSAFETY, we strongly believe that health and safety should be an ongoing process, always adapting to new challenges and technologies.

Our solution seamlessly blends the power of technology and data analytics, coupled with our friendly, accessible, and knowledgeable team, making safety management simple and effective. By embracing this approach, schools can spot potential risks before they become issues, implement targeted interventions, and ultimately cultivate safer learning environments for everyone involved.

“edSAFETY provides expert advice, scrutinises risk assessments, provides exemplary advice, support, challenge and guidance, offers timely and efficient service. We strongly recommend the services.” - Cognita Schools

Our Services at a glance

Policies and Procedures

We check, comment and, if required, amend your health and safety policies, giving you peace of mind.

Competent Advice

Our experienced advisers listen to your needs and act as a critical friend to help you get things right. We provide advice on all matters relating to general health and safety. Appoint us as your competent person

Training & Systems

We support your team with the Online system, and provide a range of training courses, including IOSH Managing and Working Safely.

Professional Support

We provide health and safety documents, as required, and ensure that these are in line with, National Guidance and current good practice.

Essential Updates

We alert you to national issues relating to safety, current good practice and changes in legislation, ensuring you are working to the latest guidelines.

Our Courses

We run a range of courses to support Schools in managing their health and safety.
Click the links below to go to the relevant sections.

IOSH Courses

Managing Safely

Managing Safely is designed for managers and supervisors. They won't suddenly become safety experts – but they'll get up-to-speed on the practical actions they need to take and gain the knowledge and tools to tackle the safety and health issues they're responsible for. Importantly, Managing Safely makes a powerful case for safety and health being an integral part of day-to-day management.

£225pp +VAT @ 20%

Working Safely

Working Safely is for people working at any level, who need a grounding in the essentials of safety and health. It gives everyone an understanding of why they must work safely and healthily – and does it in an enjoyable way.
